

To whom it concerns,

I hope this letter reaches you well. I am Renae Lynch, the Caribou County Program Manager at the Southeastern Idaho Community Action Agency (SEICAA), and I am contacting you to secure your support for our upcoming **Project Warmth Classic** golf tournament.

Established in 1993 as **Project Warmth**, the **Project Warmth Classic** is our largest and longest-running collaborative effort to build an emergency energy assistance fund for households in Bear Lake and Caribou County. Project Warmth funds are only used when no other funds are available, as was the case in 2024 when we disbursed **\$3,170.52** and helped **10 households** avoid energy-related crises.

This year's event serves as an excellent opportunity for sponsors to not only grow and expose their brand but also connect with our community in a meaningful and impactful way. Our event is popular locally, and our marketing efforts for last year's event reached nearly 10,000 people located throughout southeast Idaho and beyond. And, as always, in-kind and monetary donations are tax-deductible.

If you would like to support this year's effort, please refer to and select one of the options below.
